Forecast For Wales
Issued by Met Office Exeter
at 0400 on Saturday 23 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Scattered wintry showers and sunny spells. Cold.

Today:
A mixture of scattered wintry showers and sunny spells throughout the day. These showers most frequent in the north and along the western coasts, with the driest conditions towards the south of the country. Feeling cold with light winds. Maximum temperature 5 deg C (41 deg F).

Tonight:
A dry evening with clear skies. Overnight, cloud will build as a band of rain and snow moves in from the far west during the early hours. A cold night. Minimum temperature -4 deg C (25 deg F).

Sunday:
Rain and snow will affect much of the country during the morning, before clearing south-eastwards through the afternoon. Snow could be heavy at times and reaching lower levels. Feeling cold. Maximum temperature 5 deg C (41 deg F).

Outlook for Monday to Wednesday:
Dry with plenty of sunshine on Monday. Heavy rain but gradually feeling milder on Tuesday. Dry start on Wednesday, rain arriving later.
